## MUL POINTS CALCULATION

Total Points $(\Sigma \mathbf{P})=$ Base Points $(\mathbf{B P})+$ Bonus Trail $(\mathbf{B T})+$ Bonus Elevation Gain (BEG) + Bonus Finish Time (BFT) + Bonus Finish Position (BFP)
$\Sigma P=B P+B T+B E G+B F T+B F P$
$\sum \mathbf{P}=\mathbf{A}+\mathbf{B}+\mathbf{C}+\mathbf{D}+\mathbf{E}$
A : Base Points (BP) $\rightarrow$ The Race Distance in km i.e., $1 \mathrm{~km}=1$ Point
B : Bonus - Trail (BT) $\rightarrow$ Bonus points given for trail races counted as :
Race distance X 30\%; i.e., \{ BP X 30\% \}
C : Bonus - Elevation Gain (BEG) $\rightarrow$ Bonus points given for Elevation Gain (EG) counted as : $1 \%$ of the EG in meter i.e., 100 meter EG $=1$ Point
D : Bonus - Finish Time (BFT) $\rightarrow$ Bonus points for fast Finish Time (FT) relative to the 10th placed finisher

| Finish Time ratio $[A]$ | Multiplication <br> Factor $[B]$ | BFT <br> $[A X B]$ |
| :---: | :---: | :---: |
| $=\mathbf{1}-\frac{5 \times \text { Race }}{(\text { (Finish Time })}$ | Distance $(\mathrm{km})$ <br> $\rightarrow 5 \times \mathrm{BP}$ placed runner's Finish Time $\times \mathbf{1 4 0} \%)$ | AXB |

E: Bonus - Finish Position (BFP) $\rightarrow$ Bonus points for the top 10 finishers based only on gender in each ultra-distance race category

| Race Distance (km) | Finish Position |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $10^{\text {th }}$ | $9^{\text {th }}$ | $8^{\text {th }}$ | $7^{\text {th }}$ | $6^{\text {th }}$ | $5^{\text {th }}$ | $4^{\text {th }}$ | $3^{\text {rd }}$ | $2^{\text {nd }}$ | $1^{\text {st }}$ |
| $\leq 99$ | 40 | 50 | 60 | 70 | 80 | 100 | 120 | 160 | 240 | 400 |
| $100 \sim 159$ | 80 | 100 | 120 | 140 | 160 | 200 | 240 | 320 | 480 | 800 |
| $\geq 160$ | 120 | 150 | 180 | 210 | 240 | 300 | 360 | 480 | 720 | 1200 |

## Note:

1) No MUL points for runners that DNF, DQ or finish outside the COT.
2) Races labelled "MUL CANDIDATE RACE" are accorded half the MUL points as compared to a full-fledged "MUL RACE".
3) The minimum distance run to be eligible for MUL points is 50 km . This includes 6 hours or 12 hours fixed time races. ' 50 km ' races which measure via GPS or other equivalent measuring devices to be under 50 km will be fully eligible for MUL points and counted as 50 km in all MUL related calculations.
4) MUL points are ONLY for individual runners participating in individual categories. No points for teams, duo, pairs, groups, pacer-team, relays, etc. regardless of the race format.
5) The Race Distance is the nominal advertised distance of the race. e.g., a ' 100 km ' race which is actually 102.527 km will be counted as 100.000 km in all MUL related calculations.
6) The Elevation Gain data for each race is determined by the respective RDs. Bonus Elevation Gain (BEG) points are also allocated for fixed time events e.g., 12 hours and 24 hours races based on the EG per loop and loops run by each runner.
7) Bonus Trail points are for races with at least $60 \%$ trail sections as determined by the respective RDs. 'Trail' includes dirt roads, gravel, water sections, beach sand, etc. i.e., NOT roads or track surfaces.
8) For the Bonus Finish Time (BFT), the 10th placed runner's Finish Time refers to the overall 10th placed finisher (Men + Women). If this Finish Time X $140 \%$ is more than the race's COT, the COT will be used instead in the Finish Time ratio equation. If there are less than 10 finishers in the race, the COT will be used for the BFT. Also, if the Finish Time ratio is below 0 , the BFT will be 0 . Times are all Gun Time.
9) No Bonus Finish Time (BFT) points for fixed timed races e.g., 12 hours, 24 hours.
10) If the Gun Time finish is tied between runners, Nett Time is used to determine their positions. If Nett Time is also tied or unavailable, their positions are based on their relative race position at the last timing station.
11) No MUL points if the race is called off at any point (storm, accident, etc.). However, if you complete said race before it gets called off and are recognized as an official finisher, you will receive full MUL points. If a race gets officially downgraded and remains above 50 km , finishers will receive MUL points.

Total Points $(\Sigma \mathbf{P})=$ Base Points $(\mathbf{B P})+$ Bonus Trail $(\mathbf{B T})+$ Bonus Elevation Gain (BEG) + Bonus Finish Time (BFT)

+ Bonus Finish Position (BFP)
$\sum \mathbf{P}=\mathbf{B P}+\mathbf{B T}+\mathbf{B E G}+\mathbf{B F T}+\mathbf{B F P}$
$\sum \mathbf{P}=\mathbf{A}+\mathbf{B}+\mathbf{C}+\mathbf{D}+\mathbf{E}$

A : Base Points (BP) $\rightarrow$ The Race Distance in km i.e., $1 \mathrm{~km}=1$ Point
B : Bonus - Trail (BT) $\rightarrow$ Bonus points given for trail races counted as: Race distance $\times 30 \%$; i.e., $\{$ BP $\times 30 \%$ \}
C : Bonus - Elevation Gain (BEG) $\rightarrow$ Bonus points given for Elevation Gain (EG) counted as :
$1 \%$ of the EG in meter i.e., 100 meter EG = 1 Point
D : Bonus - Finish Time (BFT) $\rightarrow$ Bonus points for fast Finish Time (FT) relative to the 10th placed finisher

| Finish Time ratio $[\mathbf{A}]$ | Multiplication <br> Factor $[\mathrm{B}]$ | BFT <br> $[$ A X B] |
| :---: | :---: | :---: |
| $=\mathbf{1}-\frac{5 \times \text { Race }}{(\text { (Finish Time })}$ | AXB |  |

E : Bonus - Finish Position (BFP) $\rightarrow$ Bonus points for top 10 finishers based only on gender in each race category

| Race Distance (km) | Finish Position |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $10^{\text {th }}$ | $9^{\text {th }}$ | $8^{\text {th }}$ | $7^{\text {th }}$ | $6{ }^{\text {th }}$ | $5^{\text {th }}$ | $4^{\text {th }}$ | $3^{\text {rd }}$ | $2^{\text {nd }}$ | $1^{\text {st }}$ |
| $\leq 99$ | 40 | 50 | 60 | 70 | 80 | 100 | 120 | 160 | 240 | 400 |
| 100 ~ 159 | 80 | 100 | 120 | 140 | 160 | 200 | 240 | 320 | 480 | 800 |
| $\geq 160$ | 120 | 150 | 180 | 210 | 240 | 300 | 360 | 480 | 720 | 1200 |

## EXAMPLES

| Description | CASE 1 : | CASE 2 : |
| :---: | :---: | :---: |
|  | Type - Fixed Distance Race | Type - Fixed Time Race |
| Event | Ultra Trail Mount Belacan | Backyard Loop Challenge |
| Distance or Time | 100 km | 24 Hours |
| Elevation Gain | 4,528 meter | 17.8 meter/km |
| \% Trail | 82\% | 0\% |
| COT (hh:mm:ss) | 28:00:00 | N/A |
| Finish Time or Distance | 17:18:05 | 161.4 km |
| Finish Time of 10th Place Finisher | 16:06:05 | N/A |
| Finish Position | 8 | 1 |
| A : Base Points (BP) | $100 \mathrm{~km} \rightarrow \underline{100}$ | $161.4 \mathrm{~km} \rightarrow \underline{161.4}$ |
| B : Bonus Trail (BT) | $\begin{aligned} & 82 \% \rightarrow \text { BP } \times 30 \% \\ & =100 \times 30 \%=\underline{30} \end{aligned}$ | $0 \% \rightarrow \underline{0}$ |
| C : Bonus Elevation Gain (BEG) | $\begin{gathered} 4,528 \text { meter } \rightarrow \\ 1 \% \times 4,528=\underline{45.280} \end{gathered}$ | $\begin{gathered} 161.4 \mathrm{~km} \times 17.8 \mathrm{~m} / \mathrm{km}=2,872.92 \\ \rightarrow 1 \% \times 2,872.92=\underline{28.729} \end{gathered}$ |
| D: Bonus Finish Time (BFT) <br> [Finish Time ratio[A] X <br> Multiplication Factor[B]] | $\begin{gathered} \mathbf{A X B} \\ \mathbf{A}=1-\frac{(17: 18: 05)}{(16: 06: 05 \times 140 \%)} \\ \mathbf{B}=5 \times 100 \mathrm{~km} \\ \rightarrow[1-(17.3014 / 22.5419)] \times 500 \\ \rightarrow 23.25 \% \times 500 \\ \rightarrow \underline{116.239} \end{gathered}$ | None |
| E : Bonus Finish Position (BFP) | 8th Position, $100 \mathrm{~km} \sim 159 \mathrm{~km}$ $\rightarrow 120$ | $\begin{gathered} \text { 1st Position, } \geq 160 \mathrm{~km} \\ \rightarrow \underline{1,200} \end{gathered}$ |
| TOTAL POINTS ( $\Sigma \mathrm{P}$ ) | $\begin{gathered} \sum P=A+B+C+D+D+E \\ =100+30+45.280+116.239+120 \\ =411.519 \approx \underline{412} \end{gathered}$ | $\begin{gathered} \sum P=A+B+C+D+D+E \\ =161.4+0+28.729+0+1,200 \\ =1,390.129 \approx \underline{1,390} \end{gathered}$ |
